

Nurture KC Board of Directors Packet

Do you have a passion for improving infant and maternal health in Kansas City?

Please consider joining the Board of Directors at Nurture KC!

OUR STORY

Collaborating for Healthy Babies and Families

A group of volunteers started The Kansas City Maternal and Child Health Coalition in response to a 1983 Missouri Department of Social Services report on high infant mortality rates in the metro KC. The coalition has grown throughout the years (and was known as Mother & Child Health Coalition) before being renamed Nurture KC in late 2019. The name Nurture KC reflects the diverse families we served from pre-pregnancy through adolescence.

The centerpiece of Nurture KC is Healthy Start, a federal grant program that employs a community health worker model to assist families from preconception through 18 months of life for the baby. Along the way, we recognized family health is a continuum. Nurture KC is also the home for the Mid-America Immunization Coalition (MAIC), a bi-state group dedicated to disease prevention, and Safe Kids Metro KC, which provides programming to reduce preventable childhood injury.

As always, our mission remains the same – to reduce infant death and improve family health across the KC metro area.

OUR VISION

A Kansas City community committed to health equity for all families – regardless of race, place or circumstance – beginning with a child's birth through a continuum of care.

OUR MISSION

Nurture KC is a community collaboration dedicated to reducing infant mortality and improving family health. We work together to change policy for broad impact, transform systems to improve health outcomes at a local level, and provide one-on-one support to connect families.
