

Mother & Child Health Coalition's Annual Legislative Program: The Changing Healthcare Landscape in Metropolitan Kansas City

Goals of the Meeting:

- Learn about the budgets of Kansas and Missouri and their impacts upon health care.
- Understand the Child Health Insurance Program's origin and current relationship to both states.
- Understand the importance of extended postpartum parental leave.
- Network with colleagues to discern current and potential partnerships and/or advocacy opportunities on behalf of the health of children and families.

Friday, October 27, 2017
